

# Memo to Practitioners

Please know that your health is of the utmost importance to us.

We are in the process of making changes to the up-coming Annual WYOTA Conference. We recently sent out a survey to help us determine the best method to provide the conference. Based on the results we have found that most practitioners would like virtual or a virtual/in person combination option. WYOTA will be providing conference this year in a dual format. Those wishing to attend conference will be able to choose their preferred format until maximal slots are filled for the in-person option.

To accommodate for social distancing at the hotel we can have 50 in the large classroom and 15 in the small classroom. Both courses can be presented virtually.

We will be emailing all participants that have registered to determine if they would prefer an in-person or a virtual slot. This will better help us to determine how many will be in-person vs virtual. Registration timeframes and pricing will remain the same as originally stated and reflected on all documents and our online platform.

If you have any concerns please let us know by emailing us at [wytainfo@gmail.com](mailto:wytainfo@gmail.com)

Sincerely,

The Wyoming Occupational Therapy Association Board
